Search persons

To find a person in the entry registration system you can at any time click on the link **Search**. The first time you login to the entry registration system you must select a default of max 6 search fields you want to search in and display on your screen as seen below. When having selected this please click save for the system to remember your selection for your next login.

The search form will appear as this on your screen.

If you want to edit the information that you have already entered you can click on a person listed in your search result set. Here you can edit the information in the same screen that you entered this in. If needed you can **De-Activate** a person if this must be taken out from the system. These can always be re-activated again if needed.

We recommend that you use the search screen on a frequent basis to keep track on your entered information. If needed this can be exported to a CSV, Excel compatible, text file that you can download by clicking on the **Export to CSV file** link.
