In the case of registrations by third parties of participants who are still minors, the organiser assumes that they have been authorised by the legal representatives of these minors.

For the processing of the data relating to this account, the data protection declarations and general terms and conditions of the company in question shall apply (Datasport AG).

Competitions

4. Timing system

The organizer reserves the right to prevent a participant without an electronic chip from taking the start. This chip must be returned after crossing the finish line. In case of loss or non-return, it will be charged CHF 50.00 + VAT to the participant.

Each participant must wear a bib number for the cycling and running part corresponding to the chosen category (one bib number by category, including relay categories) in addition to the microchip.
